## **Ethics4school's "Stop Think Choose" Complete Character Education Lesson Plans .pdf Modules and Support Materials**

### **"Responsibility" Module**

"Responsibility" demonstrates the importance of telling the truth using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help promote taking personal responsibility to elementary school children.

### **"Responsibility" Cartoon**

An animation of the "Responsibility" module story, about James, who is forced to learn RESPONSIBILITY when he finds the AWFUL RED BALL.

### **"If I Did It, I Admit It"**

The "Responsibility" module song video – To teach students the importance of taking responsibility for their actions, that telling lies and keeping shameful secrets are wrong and hurt us emotionally, and the liberating power of telling a hard truth.

### **"Impulse Control" Module**

"Impulse Control" models stopping to think before making a bad decision using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help train mindfulness to elementary school children.

### **"Stop, Think, Choose!"**

The Impulse Control module song video - To teach students how to apply effective problem-solving skills for making safe, healthy choices, and to help understand the consequences of their decisions and choices.

### **"Eight Seconds to Think" Cartoon Song Video**

Train Impulse Control and Bullying Prevention using this upbeat song that tells your PreK-5th grade students to "Take Eight Seconds To Think" before they do anything that will hurt someone else or something they care for!

### **The "Big Deal Little Deal" Game Show**

Train your K-5 students how to recognize bullying behavior with this fun, interactive game show where they become contestants and decide whether how someone treated them is a "Big Deal" that should be reported or a "Little Deal" they should just forgive and forget!

### **"Anger Management" Module**

"Anger Management" models how to manage anger with breathing and counting using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help train emotional control to elementary school children.

### **"Get Along"**

The "Anger Management" module song video - To help students learn techniques for managing stress and conflict and to develop effective coping skills for dealing with problems.

### **"Empathy" Module**

"Empathy" demonstrates the importance of recognizing the emotional states of other people using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help elementary school children better understand the emotions of others and their own emotions.

### **"Empathy"**

The detective song video for the "Empathy" module - It teaches students to identify and express feelings and to recognize emotions in others, and to use effective communication skills when dealing with other people who are experiencing good and bad emotions.

### **“Empathy” Cartoon Song Video**

Everybody act happy! Everybody act sad!! This music video lets your Pre-K-5th graders practice emotional states and think about the loneliness of exclusion.

### **The Empathy Game: Emotional Detective**

Based on Paul Ekman's work on identifying the seven basic emotions through facial expressions. Your Pre-K to 3rd Grade students become emotional detectives to see if they can identify the mood of the different faces shown so they know how they should react. Are these people Happy, Mad, Surprised, Afraid or Sad?

### **The “Empathy or NOT Empathy” Game**

A TV Game Show themed activity video where situations of people with different emotional states are described, then the contestants choose whether a statement responding to that emotional state is "Empathy" or "Not Empathy".

### **“Self Esteem” Module**

“Self Esteem” boosts a positive self image using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help train emotional control to elementary school children.

### **“I Am Good”**

The inspirational "Self Esteem" song - It teaches students to develop positive attitudes towards themselves as unique and worthy people

### **“Persistence” Module**

"Persistence" models the drive to work through adversity to accomplish personal goals using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help elementary school children not give up when they really want something.

### **“I Don’t Give Up!” Song Video**

The rousing motivational song for the "Persistence" Module- It demonstrates how effort and persistence positively affect learning and to identify alternative ways of achieving goals.

### **“Shyness” Module**

“Shyness” talks about overcoming shyness and making new friends using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help elementary school children socialize successfully.

### **“The Friends Song” Video**

The "Shyness" module song - It teaches students the importance of overcoming shyness and to make and keep friends by making the first move.

### **“Competitiveness” Module**

“Competitiveness” addresses students' need to always win at the cost of alienating other students using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help elementary school children relax and just play for fun.

### **“I’m Good Enough” Song Video**

The "Competitiveness" module song - It helps teach the importance of not always competing and needing to be the best, but to have fun just for the sake of having fun, to see themselves as unique and worthy people and to make and keep friends.

### **“Witness Bullying Prevention” Module**

“Witness Bullying Prevention” models the actions that students who witness bullying should take using a story, poem, activities, art, and assessment questions. It also includes the American School Counselor Association's objectives and Mindsets and Behaviors: Program Planning Tool to help elementary school children keep their whole school safe from bullying.

### **“Look Strong, Speak Strong, Report It!” Song Video**

The "Witness Bullying Prevention" module song - It teaches students the importance of not tolerating bullying behavior, to differentiate between situations requiring peer support or adult professional help, with steps to follow if they are being bullied, or see someone else being bullied.

### **“Look Strong, Speak Strong, Report It!” Music Video**

This bullying prevention call-and-response music video uses 4th and 5th grade children to train your PreK-5th grade students to refuse, recognize and report bullying behavior through catchy beats and engaging hand motions!

### **“YEE HAW” (I’m Never Gonna Be A Bully!) Cartoon**

This infectious call-and-response country cartoon will engage and entertain your PreK-5 grade students while reinforcing the critical message of bullying prevention and feeling good when you treat people right!

### **The “Friend or No Friend” Game Show**

This interactive bully prevention video let's your Pre-K-3rd grade students become game show contestants to decide by how people treat them whether they are "Friend" or "No Friend"!

## **Other Ethics4schools Support Materials**

### **The Reading Promise**

An interactive song/video that is a call and response chant to engage children grades Pre-K to 2 that will inspire them to read everyday so they will become smart and successful!

### **Golden Rule**

A call and response song/video that will engage Pre-K to 2nd Grade students and help teach the one profound idea that underlies all compassion, empathy and bullying prevention.

### **Play Attention**

A video concentration game where a series of food items are shown for 5 seconds each, to build the attention span of elementary school aged children. See how long YOU can PLAY ATTENTION!

### **The Boney Pokey Dance**

A video where students dance and learn the names of some of their body's bones in this Hokey Pokey style song.

### **The Weather Game**

A TV Game Show themed activity where pictures of types of weather are shown and clues are given, then the contestants call out the name of that type of weather to win!

### **The “Name That Noise” Game**

A TV Game Show themed activity video that challenges young children to call out the name of the thing that makes the sound they hear.

### **I Like to Read**

An engaging call-and-response march about the joys of reading and all the wonderful things you can read about!

### **Numbers ‘Round the World**

A foreign language counting song video where children learn about different cultures by hearing and singing numbers 1 through 20 in Spanish and Japanese and see numbers 1, 2 and 3 in Chinese, French and other languages!

### **The World is a Rainbow**

A music video call-and-response riddle about color recognition for young children. Do you see red? Do you have lue on you?

**Dinosaur Rhythms**

In this music video you will journey back to the Jurassic age when dinosaurs ruled the world! Calling out to all triceratops, pterodactyls, stegosaurus and all the terrible Thunder Lizards!

**Gonna Take Me a Rocketship**

An inspirational animated music video about joining Man's journey into space! Created for the "Explore NASA" project, it uses over 1000 drawings painted by the elementary students in Grant Wood, Hopewell, Jefferson and Mark Twain schools in Bettendorf, Iowa; and Garfield, Eisenhower and McKinley schools in Davenport, Iowa.

**The Dog Who Lost His Bark**

A delightful animated story with cartoon characters created and voiced by students of Paul Norton Elementary School in Bettendorf, Iowa.

**Super Hero Pose**

An exciting action activity where children practice confident posture and show their own Super Hero Pose!
